

- * These events will be selected by members voting for events that have been proposed by the membership PRIOR to the AGM.

At the AGM in April ballot papers will be handed out to members at the start of the meeting to allow them to vote on which events they want included in this years Championship which the CCS (Neilo) will sort out and communicate to the members within a week following the meeting.

Members should take into account factors such as distance to travel, time of year relative to other known events and entry cost when proposing events to be voted on for inclusion in the Club Championship.

London Marathon Places

Awarding of Places - The System

- 1 Ripley RC is entitled to 1 Club entry to the London marathon each year. The Club Championship races are used as the basis for scoring points so that members can compete for gaining these entries.
- 2 Due to the timing of entries into the London Marathon and other practicalities, the London Marathon places are awarded at the RRC annual Christmas party each year and as a result the "London Marathon points Championship year" runs Christmas party to Christmas party.
- 3 One point is awarded to every member completing a Club Championship race within the relevant year. Points are also awarded to members who marshal or team manage at BDL or NMXC races and/or other races if required at the discretion of the Club Championship Secretary.
- 4 The 3 men and 3 ladies with the highest number of marathon points would be entered into a ballot with the marathon place being awarded to the name drawn. If one of the top 3 was awarded the previous years place there name is withdrawn and the 4 th place of the same sex entered.

Rules

- 5 Members who have been awarded a RRC Club entry must not give the entry away or transfer it to another person without the formal approval of the RRC committee. Failure to comply with this rule means the member forfeits the right to be eligible for future London Marathon entries.
- 6 London Marathon Club Entries can only be awarded to members who have entered the London Marathon and have been rejected. Proof of the rejection is by way of the rejection slip which is sent in the magazine or by e-mail to rejected members. This slip must be shown to the CCS or Club Secretary.
- 7 Members awarded a Club Entry who wish to defer entry due to illness or injury must seek the approval of RRC committee.
- 8 If members have equal numbers of marathon points and there is no clear top 3 in either sex then a separate ballot will be undertaken for the members with the least points to reduce the numbers to 3 for each sex. (eg. 1 member has 26 points 1 has 24 and 4 have 22 a ballot will be held for the 4 with 22 to choose 1 to go forward to the final ballot)
